du Québec

Montréal April 27th 2024

## **BULLETIN 2024-02**

**Effective Date** : April 27, 2024

**Regulation** : Auto Sport Québec – Règlement technique 2024

**Objet** : Page 32 - Article 16 / NUMÉROS DE COMPÉTITION ET PANNEAUX DE NUMÉROTATION

**Specification** : All karts must have four digital signs (on a yellow background) with their numbers (one at the front, one at the rear and one on each side pontoon). The numbers on the four digital panels must be **clearly legible** and **complete (no missing digits)** each time the kart appears on the false grid or on the track.

**In the event of a violation, officials may use the next penalty progression or administer a more severe sanction depending on the circumstances.**

**The order of progression of the sanction :**

1. **1st offense** : Verbal warning on the wrong grid or after the session by an official.
2. **2nd offense** : The official will not allow the driver to participate in the session until the correction(s) have been made.

\*If the driver in 2nd offence escapes the official on the wrong grid, he will then be fined after the session and the driver will have to make the correction(s) in addition to the payment of the fine before returning to the track for the next session.
